CAREER OBJECTIVE

Enthusiastic and self-motivated Data Science student looking for an internship to enhance practical knowledge in data analysis and machine learning. Eager to work in a challenging environment and develop professional skills while contributing to organizational goals.

EDUCATION

Bachelor of Engineering (B.E.) in Computer Science , EXCEL ENGINEERING COLLEGE (CGPA: 8/10)	Sep'23 — Present Namakkal , India
Higher Secondary in Higher Secondary Certificate , LIONS MATRIC HR SEC SCHOOL (GPA: Percentage: 79%)	2023 — Mar '23 Pudukkottai, India
SSLC in SSLC (10th) , LIONS MATRIC HR SEC SCHOOL (GPA: Percentage: -)	2021 — Jan '21 Pudukkottai, India

PROJECTS

- **Titanic Dataset Survival Prediction** — Machine learning model that predicts passenger survival based on Titanic dataset details.
- **AI-Based Exam Monitoring System** — AI-powered system that detects suspicious activities during online examinations using computer vision.
- **Uber Ride History Analysis** — Data analysis project that studies Uber ride patterns, timings, and customer travel behavior.
- **AI-Based Smart Surveillance System** — Intelligent surveillance system that monitors and detects unusual activities in real time.
- **Vehicle Detection System Using Machine Learning** — Machine learning system that identifies and counts vehicles from video footage.
- **Google Pay Expense Sharing** — Application used to split, manage, and track shared expenses among multiple users.
- **Event Management HTML Project** — Responsive web application for displaying and managing event information using HTML and CSS.

SKILLS

Programming Languages : Python, R, SQL

Frameworks & Libraries : Scikit-learn, Pandas, NumPy, Matplotlib, Seaborn, Flask, open-cv

Databases : MySQL, MongoDB

Data Visualization : Tableau

Tools & IDEs : VS Code, Git, Jupyter Notebook, Google Colab

Soft Skills: Problem-Solving, Analytical Thinking, Teamwork & Collaboration, Communication, Time Management

Languages: Tamil, English, Hindi (read/write)

INTERNSHIP

Data science Internship

Chennai Metro rail limited, chennai

Full stack development(Java) Internship

Appins technologies, coimbatore

CERTIFICATIONS

The joy of computing using python: NPTEL

Introduction to big data engineering: GUVI

Building and deploying applications with google : GUVI

Data analytics job simulation: Deloitte

SQL & R (Basic): Hacker rank

NEXGEN 48 HOURS HACKATHON: Hindustan college of engineering and technology

Legacy to Modern Authentication Techniques seminar: Kongunadu engineering college

Data visualization using python: INFOSYS SPRING BOARD
